

# **2018 WMAS REEF TOUR UTAHREEFS.COM**

## **Welcome to the 2018 WMAS Reef Tour!**

**This packet is your guide to seeing some of the most beautiful and exotic creatures that inhabit our world's marine ecosystems. Prepare yourself for a fun day of driving around the valley -visiting homes with colorful corals, marine fishes, shrimp, plants, crustaceans, and friendly people.**

**All you have to do is drive around to the houses listed in this packet. These houses have been listed in a geographical order to help you find the locations near you. Feel free to ask the aquarium owners any questions you may have, they love talking about their hobby.**

**Who are we? You may or not be familiar with the Wasatch Marine Aquarium Society (WMAS). We are an organization that has been here in the Salt Lake area for 20 years! In that time, we have grown to be one of the largest Aquarium Clubs in the nation. We have free monthly meetings with guest speakers, aquarium advice, fundraisers, socials, coral frag sales, and discounts on some purchases at many local fish stores. We have a wonderful website with tons of information and an online discussion forum. In fact our website was presented with an award by the Marine Aquarium Societies of North America as the number one hobbyist website in the nation!**

**Please take advantage of this opportunity to learn more about the Wasatch Marine Aquarium Society, and about the saltwater aquarium hobby.**

**Thanks, and have a great time!**

Be sure to visit our website at [www.utahreefs.com](http://www.utahreefs.com)

# **2018 WMAS REEF TOUR UTAHREEFS.COM**

***Brett Richins***

**8469 Choke Cherry Lane, Sundance (Provo), UT 84604**

**40 gallon breeder mixed reef, primarily SPS and LPS. Kessil lighting (with DIY mount), DIY sump with refugium and Ecosystem Miracle Mud, Bubble Magus Curve 5 skimmer, partial DIY stand with granite top.**

**801-850-3890**

- Take the Orem 800 North exit and head east (left) toward Orem and Provo Canyon
- Stay left when you arrive at the mouth of the canyon to go onto Highway 189 toward Heber City  
(Our home is 10 miles from the mouth of Provo Canyon)
- Continue on Highway 189 past the Sundance turnoff and then go through the tunnel
- Approximately 2 miles past the tunnel (and a 1/4 mile past mile marker 16) turn left into Canyon Meadows
- Go through the gate (it'll be open) and travel on Meadow Drive for approximately a 1/2 mile
- Take the first right onto Choke Cherry Lane and our house is the one first on the right up a steep, long driveway.
